

NEW YORK WINDSTORM DEDUCTIBLE DISCLOSURE NOTICE

THIS DISCLOSURE NOTICE DOES NOT PROVIDE COVERAGE NOR DOES THIS NOTICE REPLACE ANY PROVISIONS OF YOUR POLICY. YOU SHOULD READ YOUR POLICY AND REVIEW YOUR DECLARATIONS PAGE FOR COMPLETE INFORMATION ON THE COVERAGES YOU ARE PROVIDED. IF THERE IS ANY CONFLICT BETWEEN THE POLICY AND THIS NOTICE, THE PROVISIONS OF THE POLICY WILL PREVAIL.

Your policy insures against the peril of WINDSTORM. When covered property is damaged or destroyed by windstorm, a windstorm deductible will apply. This notice briefly outlines below the key points associated with the windstorm deductible.

ABOUT THE WINDSTORM DEDUCTIBLE

Your policy contains a basic deductible that applies to all causes of loss except windstorm. A higher deductible will apply when windstorm directly or indirectly causes damage to the property covered under your policy. **This percentage deductible applies ONLY to windstorm loss that occurs within a period of 12 hours before or 12 hours after the storm which caused the loss makes landfall anywhere in New York State as a declared Category 2, 3, 4 or 5 hurricane. Because you are responsible for the portion of the loss up to the deductible amount, the premium you would have otherwise paid has been reduced. The deductible amounts for both the higher windstorm deductible and the lower basic deductible are shown on the Declarations Page included with this policy.**

The windstorm deductible amount is in the form of a percentage, so you can compute the actual dollar amount by multiplying the Coverage A dwelling amount shown on the Declarations Page by the percentage amount. The windstorm percentage deductible will apply in the aggregate to total losses under Coverages A- Dwelling, B- Other Structures and Personal Property as well as any other applicable coverages at time of loss, EXCEPT Coverage D- Loss of Use. The windstorm percentage deductible does NOT apply to Coverage D- Loss of Use. See the windstorm deductible examples below.

Percentage Windstorm Deductibles percent amounts of 1%, 2% or 5% of Coverage A are available.

NOTE:

If your dwelling amount is increased, then the dollar amount that corresponds to the percentage standard windstorm deductible will also increase.

Please see the following example of how a 2% windstorm deductible would apply to a covered loss.

How the Windstorm Deductible Applies

- Deductible Amount - 2% of dwelling amount shown on Declarations Page (A 2% deductible on a dwelling amount of \$750,000 is equal to \$15,000)
 - The total damage to the Insured Residence is \$36,000.
 - After subtracting the \$15,000 deductible, we would pay you: \$21,000.

Here's a graphic depiction of what we just described:

		Before Deductible	After Deductible
